

Sales & Use Tax Notice

Sales tax may or may not be applied to your invoice depending on if Alternative Engineering, Inc. currently has economic nexus in your state and is collecting sales or use tax. If no sales tax is applied to your invoice, this does not imply that your purchase is exempt from sales or use tax. Your state may require purchasers to (A) report all purchases that are taxable in your state and for which no tax was collected and (B) pay use tax on those purchases directly to the state.

If you have any questions regarding Sales & Use Tax for your order, please feel free to contact us at (616) 785.7200.
